

go just before the accident but didn't make it to the toilet in time. Could we please have another change of clothes?

23/2/2022

Gwen did well with some phase 3 reading this morning. I will continue to send home phase 2 books until she is more confident with this.

There has been some challenging behaviour from Gwen today. She has used some unacceptable language towards members of staff and fellow pupils. This has happened twice before but we had the discussion with her that the language used is unkind. As this is now happening on a regular basis I thought that it is best to let you know.

This afternoon she also picked up another child's lunch and tried to take it. This resulted in the food falling to the floor and becoming spoiled. When staff tried to explain that she shouldn't touch other people's food Gwen pretended to be asleep to avoid listening. She has also thrown herself to the floor to try and go between the legs of another member of staff. Staff explained that this isn't acceptable as we all need to respect each other's personal space to which she looked away and apologised.
