Parents  
 Lynn Barber – Inclusion Consultant: Complex Needs  
 Janette Christie – Nursery Manager  
 Clare Mason – OT  
 Sara Woodward – SALT  
 Margaret Dutton – Teacher for Hearing Needs

- Gwen is continuing to make good progress and has achieved all targets set on her plan. She is interacting well and is very sociable.
- Gwen starts pre-school 2 in September. She will also start the school readiness programme which focuses on cognition and play, fine motor skills and mark making and independence. The team will link with Emily, Gwen's 1:1 Key Worker.
- Parents are keen for Gwen to start phonics. Both MD and SW agreed that it was important for Gwen to develop her language. It was suggested that Jolly Phonics is a good programme as she can join in the songs and develop oral control.
- Gwen keeps taking her hearing aid off – she threw it down the toilet.
- Gwen's parents are not happy that social services have declassified the family to early help from being a child in need. Amanda Reece, social worker had previously attended a meeting which was positive so a decision was made to reduce the amount of support for the family. The family are taking this to appeal and putting in a complaint as they feel that obligations haven't been followed up.
- Gwen's parents have been visiting schools with Lynn Barber to make informed choices regarding school selection for Gwen for September 2018. Schools visited were Ursuline, St Nicholas', St Luke's - Halsall and Valewood. It is likely that St Nicholas' will be the first choice as Isaac is happily settled there and it will meet Gwen's needs also. Second choice is likely to be St Luke's – Halsall followed by Valewood as third choice.
- Gwen is accessing Zoe's place 3 nights a month as family respite. Parents asked Margaret Dutton for advice regarding signalong resources for staff there for consistency with Gwen's communication.
