To Whom It May Concern

Gwendolyn Vials MOORE
2 Coronation Drive
Crosby, Liverpool L23 3BN

D.O.B. 22/08/2014
Hospital No. AH1565586
NHS No. 701 057 1422

Please could you support the renewal of the blue badge for this family. Gwendolyn is a patient under Alder Hey. She has numerous diagnoses including:

1. Trisomy 21.
2. Burnside-Butler Syndrome (15q11.2).
3. Obstructive sleep apnoea for which she is on masked ventilation for when she has a sleep, which at her age is not only at night but also might be on long journeys and naps.
4. She is prone to recurrent chest infections.
5. She is known to have cardiac arrhythmias, possibly neurogenic in origin.
6. She has had some gastro-oesophageal reflux disease.

Gwendolyn does have a lot of equipment which often needs to accompany her on trips out. This means that the family do need to be able to access Gwendolyn's equipment and also Gwendolyn in an emergency.

Thank you in advance.

Yours sincerely

Dr Clare Halfhide
Consultant in Respiratory Medicine
