

SPEECH AND LANGUAGE THERAPY  
PROGRAMME / THERAPY NOTES

CHILD'S NAME: Owen Vials-Moore

SEEN AT: Strathan House Nursery

It was lovely to see Owen with his key worker Claire today.

We introduced the 'Jolly Phonics' - objects and pictures. Owen really enjoyed choosing a sound and had a good go at copying them.

Claire will link these to 'sound of the week' and reinforce the oral lip and tongue positions for each sound

eg. sss - spread lips, smiley face + blowing air along tongue

'p' - lips together, build up air and then release

Also to try lots of blowing activities for oral control eg. bubbles, blowing through straws.

Using a mirror when making sounds - so Owen can see how to make the different lip and tongue shapes.

Useful to have real objects to reinforce sounds eg. ball - 'b', toy snakes - 's'

Please contact me if you have any queries

Speech and Language Therapist: Sara Woodward

Date: 12.9.17

Work Base: Webster Health Centre

Contact No: 247 6109

I will ring  
after half  
ten to  
arrange next  
visit.
